

## Abstract

LiveTextAccess (LTA) is a EU project that approaches the mismatch between trained and needed skills in the labour market.

The LTA consortium is a collaboration between educational and non-educational partners.

**LTA Respeakers** and **Velotypists** will provide intralingual subtitles in:

- four different contexts: cultural events, parliamentary assemblies, broadcasts and education, and
- for three working settings: face-to-face, online and by relay.

## Partners

## Implementation

## LiveTextAccess

2018-1 -DE01- KA203-004218

Co-funded by the  
Erasmus+ Programme  
of the European Union

## Novelty

- User-centric design: Deaf and HoH, speech-to-text professionals
- Transferable: Higher Education (ECTS) and vocational (ECTVES)
- Flexible: self-learning, inclusion into curricula, and in-house training
- In line with current standards and qualifications (ITU, Intersteno, etc.)
- Wide knowledge: cultural events, parliamentary assemblies, broadcasts, education, and workplace
- Training settings: face-to-face, online and by relay

## Sustainability

- Open source digital materials
- Open repository of assessment and teaching methods
- Harmonization of the profile and trained skills by leaning on a European certification process
- Transferability: competence and performance criteria valid across Europe and for hiring or recruiting processes
- Supported by 35 leading stakeholders in real time subtitling
